Post Graduate Year 1 (PGY1) Pharmacy Practice Residency

This is an opportunity for a motivated individual to gain experience in many facets of primary care/ambulatory care pharmacy in Central Florida. The resident will actively provide pharmaceutical care to patients and collaborate with other health care professionals. Anticoagulation Management Service, preventative health consults, Lipid Clinic, Smoking Cessation Clinic, health and wellness screenings (i.e., BP, glucose, osteoporosis, SkinScope, etc.), inpatient and outpatient medication dispensing/counseling, drug information/continuing education, and community outreach programs will be the main areas of focus. The development and completion of an original research project suitable for publication is a required component for successful completion of this ASHP-accredited residency. Teaching opportunities, including student preceptorship, are also available.

Stipend: $37,440.00 per year
Travel fund and 12 months health insurance at a reduced rate
Position available July 1, 2010 to June 30, 2011

Interested candidates should submit two copies of the following: a completed application, curriculum vitae, one-page essay, transcripts, and three completed ASHP Residency Applicant Recommendation Forms post-marked by January 1, 2010 to the Residency Director. If invited for an interview you will be required to give a 15 minute presentation on an ambulatory care topic. Applicants must register with the Match if they are seeking a Pharmacy Practice Residency at Florida Hospital-Celebration Health.

Residency Director:
Kristin Jonas Morse, Pharm.D.
Florida Hospital - Celebration Health
Department of Pharmacy
400 Celebration Place, Suite A150
Celebration, Fl 34747

INTRODUCTION:

The goal of this ASHP accredited residency is to prepare the candidate for pharmacy, as it will be practiced in the 21st century, with an emphasis on the pharmaceutical care approach to patient care. The resident will be able to proficiently practice clinical pharmacy in an ambulatory care/family practice setting, in addition to staffing in an inpatient and outpatient pharmacy setting.

OUTCOMES:

Anticipated outcomes for the resident include:

1. Manage and improve the medication-use process.
2. Provide evidence-based, patient-centered medication therapy management with interdisciplinary teams.
3. Exercise leadership and practice management skills.
4. Demonstrate project management skills.
5. Provide medication and practice-related education/training.
6. Utilize medical informatics.
7. Conduct pharmacy practice research.
8. Contribute to formulary decisions.
9. Provide drug information to health care professions and/or the public.

QUALIFICATIONS:

The applicant should have or be in the process of obtaining a Doctor of Pharmacy degree from an accredited college of pharmacy. Eligibility for Florida licensure is essential for fulfilling the requirements of the residency; resident must obtain license by August 31, 2010.
REQUIRED ROTATIONS:

- Orientation to all areas 2-4 weeks
- Outpatient Clinical Pharmacy Services (Lipid Clinic, Coumadin Clinic, Diabetes Clinic, Hypertension Clinic, DVT Clinic, Smoking Cessation Clinic, Cardiac Clinic, preventative medicine consults, community health fair events/screenings) longitudinal experiences (4-5 days/week)
- Inpatient Clinical Pharmacy Services (antibiotic stewardship, metabolic support, kinetics, etc.) longitudinal experiences (0-1 day/week)
- Drug Information; Administration; Staffing (inpatient and outpatient setting); Research; Teaching (didactic, precepting) longitudinal experiences
