Post Graduate Year 1 (PGY1) Pharmacy Residency

This is an opportunity for a motivated individual to gain experience in many facets of ambulatory care pharmacy in Central Florida. The resident will actively provide pharmaceutical care to patients and collaborate with other health care professionals. Anticoagulation Management Service, Transition of Care Clinic, Medication Management Clinic, preventative health consults, health and wellness screenings (i.e., blood pressure, glucose, osteoporosis, SkinScope, etc.), inpatient and outpatient medication dispensing/counseling, drug information/continuing education, and community outreach programs will be the main areas of focus. The development and completion of an original project suitable for publication is a required component for successful completion of this ASHP-accredited residency. Teaching opportunities, including student preceptorship and a teaching certificate, are also available. Service projects and certification opportunities available.

PROGRAM PURPOSE:

PGY1 pharmacy residency programs build on Doctor of Pharmacy (Pharm.D.) education and outcomes to contribute to the development of clinical pharmacists responsible for medication-related care of patients with a wide range of conditions, eligible for board certification, and eligible for post graduate year two (PGY2) pharmacy residency training

Stipend: $49,000 per year
Travel fund and 12 months health insurance at a reduced rate
Position available mid June 2017 to June 30, 2018

Interested candidates need to submit the following information to PhORCAS by January 2, 2017.
1. CV (including future rotations)
2. Official transcripts (from all colleges of pharmacy; no undergraduate transcripts required)
3. Three recommendations in PhORCAS (>2 from clinical pharmacists preferred)
4. One-page letter of intent discussing your motivation for pursuing a PGY1 residency, short and long term career goals, and preferred professional practice setting.
5. A current photograph uploaded to PhORCAS
6. A video introducing yourself and explaining why you would like to match with Florida Hospital Celebration Health. Send video no longer than 30 seconds to fhchpgy1@gmail.com (please assure subject of email is last name, first name)

Residency Director:
Kristin Jonas Morse, Pharm.D.
Florida Hospital - Celebration Health
400 Celebration Place, Suite A110
Celebration, Fl 34747
Phone: (407) 303-4061
E-mail: kristin.morse@flhosp.org

Applicants must register with the Match if seeking a PGY1 Residency at Florida Hospital-Celebration Health. If invited for an onsite interview, candidate will be required to present a 5-7 minute presentation on an ambulatory care topic.
PGY1 Pharmacy Residency  
2017 - 2018

PROGRAM GOALS:

1. In collaboration with the health care team, provide safe and effective patient care to a diverse range of patients, including those with multi co-morbidities, high-risk medication regimens, and multiple medications following a consistent patient care process.
2. Ensure continuity of care during patient transitions between care settings.
3. Prepare, dispense, and manage medications to support safe and effective drug therapy for patients.
4. Demonstrate ability to manage formulary and medication-use processes as applicable to the organization.
5. Demonstrate ability to evaluate and investigate practice, review data, and assimilate scientific evidence to improve patient care and/or the medication use system.
6. Demonstrate leadership skills.
7. Demonstrate management skills.
8. Provide effective medication and practice-related education to patients, caregivers, health care professionals, students and the public.
9. Effectively employs appropriate preceptors’ roles when engaged in teaching.

QUALIFICATIONS:

The applicant should have or be in the process of obtaining a Doctor of Pharmacy degree from an accredited college of pharmacy. Eligibility for Florida licensure is essential for fulfilling the requirements of the residency; resident must obtain Florida pharmacist license by August 31, 2017. Program will not be sponsoring visas in the 2017-2018 program year.
