A Son’s Recovery Inspires a Father to Give
Dear Friends,

As I reflect on the past year, I am humbled by our community’s generosity and compassion for patients in need of healing, health and wellness. I am inspired by your ability to rally behind a cause and find creative ways to make a significant difference in the lives of others. It is because of your generosity that we have raised nearly $100 million toward our $150 million campaign goal to benefit the health and healing mission of Florida Hospital. This tremendous generosity and commitment to Florida Hospital’s mission allows us to provide the highest-quality health care to you and those you love.

Individuals, companies and foundations came together in 2013 to impact the lives of tens of thousands of patients in Central Florida and beyond. I think of the Barch family, who honor their loved one by providing a “home away from home” to transplant patients in need at the Florida Hospital Transplant Institute.

I also think of the members of our Foundation boards who give of their time, talent and treasure in service to the lives of others. The nearly 10,000 individuals who made a gift to Florida Hospital in 2013 helped save more lives and provide outstanding health care to the community we serve.

Thank you for your commitment to excellence and your compassion for others.

Sincerely,

David S. Collis
Vice President and Chief Development Officer

Florida Hospital is a tax-exempt, community-benefit hospital providing exceptional health care. We do not create excellence alone, but through a partnership with thousands of people who give in different ways. Generosity has been part of our legacy since Florida Hospital was founded in 1908. Join us as we continue to dedicate ourselves to the great purpose of providing hope and healing for people in our community and beyond.

WE INVITE YOU TO EXPERIENCE HOW GENEROSITY HEALS.

Upcoming Events

In May, participants grabbed their pink attire and golf clubs and joined Florida Hospital for the inaugural PINK Par-tee co-ed golf event benefiting Florida Hospital for Women.

Florida Hospital is extremely grateful to the Dale Bartch family for their generosity to the Florida Hospital Transplant Institute. Through their vision, we are one step closer to creating a “home away from home” for our patients recovering from solid organ transplants at Florida Hospital. Although sadly, Mr. Bartch is no longer with us, his family proudly honors him by supporting the need for a Transplant House in our community.

In 2008, Bartch was a kidney transplant patient at the Florida Hospital Transplant Institute. Receiving that gift of life provided three and a half more meaningful years with his loved ones before he passed of a condition unrelated to his transplant. During that time, he was able to create beloved memories with his wife, daughter and two granddaughters, and ensure that his business would carry on successfully into the future.

While going through the transplant process, Bartch and his family witnessed and experienced many of the challenges transplant patients face. Because of their experience, they understand the enormous benefit the Transplant House will provide to the patients we serve.

The Transplant House at Florida Hospital will offer affordable accommodations and a healing environment during a patient’s greatest time of need. The Bartch family hopes that this new home will relieve much of the financial burden for patients traveling to receive a transplant and be a comforting place for families to find support in one another.

To date, $1.5 million remains in our $5 million goal to build the Transplant House. The Bartch family gave their gift to inspire others to help us reach our goal. Thank you to Dale Bartch and his family for their incredible generosity to make this Transplant House possible.

To support the Transplant House, visit FloridaHospitalTransplantHouse.com.
Every patient that comes through the doors of Florida Hospital has a unique story. A unique life. Your generous support touches each patient in a unique way. Walk a corridor or enter a treatment area and you will see that we celebrate generosity. We celebrate life. Your generosity touches the lives of patients like Billy who never expect to need our care.

In the late afternoon of March 5, 2008, Native Orlandoan Billy Sturno was wrapping up a weekend of motorcycle riding with his father, Jack, and brother, John, during Daytona Bike Week when his life changed in an instant. That day, Sturno was riding through a Lake Mary intersection on his Harley Davidson Sportster when the front tire failed, sending him into oncoming traffic, where he collided with a car. “The last thing I remember was going through a green light,” Sturno recalls. “Two days later, I woke up in the hospital.”

Assessing the Damage

Sturno sustained serious injuries to his left arm and left leg and was airlifted to an Orlando hospital, where he spent more than a month enduring endless surgeries to save his limbs. His femur and tibia were broken, and he had multiple breaks and crushed bones in his arm. When Sturno learned nothing more could be done to save his leg and arm, he immediately called his wife, Sara, and his father to figure out what to do. As an active father to two teenage boys, multiple limb amputation wasn’t an option Sturno was willing to consider. Luckily, a lifelong friend of Sturno’s father, Diana Boyce, vice president at the Florida Hospital Foundation told them about J. Dean Cole, MD, medical director of the Florida Hospital Orthopedic Institute Fracture Care Center. Billy decided to transfer to Florida Hospital and be put under Dr. Cole’s care.

Family Support is Key

The process has been long and difficult for Sturno and his family, but they have been patient and supportive.

“My dad and brother were there every day, and my wife came before and after work,” Sturno remembers. “She brought our sons every Sunday because it was hard for them to see me in that condition.” With his family’s help, Sturno has been able to lead a productive life while staying active in his sons’ lives during treatment. Sara has continued to work in sales. The severity of Sturno’s injuries, however, prevented him from returning to his work remodeling homes with his brother. Oftentimes, injuries such as Sturno’s can take a toll on marriages and families, but in this case, it has brought them closer together. Sturno’s family has stuck together and sacrificed, supported and stayed positive during his recovery. Sturno and Sara celebrated 20 years of marriage last February. Sturno’s father, Jack, was inspired to share his generosity with Florida Hospital by giving to vital programs that raise the level of expertise and care in our community.

To help patients like Billy Sturno at Florida Hospital, visit FloridaHospitalFoundation.org
The Lifetime Donor list recognizes friends of Florida Hospital whose habit of generosity has made a significant impact on health care in our community with cumulative lifetime giving of $25,000, or more.

early 19 years ago, Bonnie Donihi was given news that would change the course of her life forever. She was diagnosed with late-stage ovarian cancer. At the time, very little was known about ovarian cancer, and Donihi was on a mission to change that.

Throughout her treatment at the Florida Hospital Cancer Institute, under the care of Robert Holloway, MD, Donihi began advocating for an early detection screening tool, educating women about the symptoms and risk of ovarian cancer and fundraising for research. She began the The Women’s and Girls’ Cancer Alliance (formerly the Ovarian Cancer Alliance) in 1997, with the purpose of empowering women and girls with the knowledge and confidence necessary to take control of their gynecological health and to pave a road through the medical and governmental arenas to allow them to do so.

Through this work, Donihi has become an advocate and friend of Florida Hospital. “We’re very fortunate to have five gynecologic oncologists at Florida Hospital. There are some states that have no gynecologic oncologists, so we’re very blessed. And then we have the very best, on top of it. We’re very lucky,” Donihi says. Today Donihi continues to share her generosity by giving of her time, talent and treasure to ensure that we have the best gynecologic cancer treatment available right here in Central Florida.

Dr. Phillips Charities

“At Dr. Phillips Charities we are proud to honor the legacy of Dr. P. Phillips by providing a $2,000,000 challenge grant for the funding of state of the art imaging equipment at the Winter Park Women’s Health Pavilion. Many ask was Dr. Phillips truly a medical doctor and the answer is yes; he received his medical degree from Columbia University. But, his chosen profession was agriculture and commercial real estate, becoming the largest citrus grower in the world during the 1930’s, 40’s and 50’s. Today we still own and operate a commercial real estate portfolio that we diligently manage each day to generate revenues that we in turn gift out in the central Florida community. Florida Hospital is such a great community partner, one we are honored to work with in this fight for early detection through technology.”

Kenneth D. Robinson, President and CEO

Humanitarian

“A company is not defined by their P&L Statements, gross revenue, number of employees or holdings, but by its people. For many years Agfa has partnered with Florida Hospital and our driving directive has always been, to just do the right thing, and everything else will fall into place. This philosophy has helped us be successful in all that we do. This “do the right thing” philosophy expands into our philanthropic endeavors. We feel that Florida Hospital is also made up of people who “do the right thing”. That is why for many years we have chosen to share our generosity in support the hospital’s mission. We are honored to call our associates at Florida Hospital, friends.”

Butch McDaniel, Strategic Account Executive
THANK YOU TO OUR 2013 DONORS

Even before JLR Medical Group was formed 25 years ago, the physicians that became JLR have worked closely with Florida Hospital. As we celebrate the 25th anniversary of JLR Medical Group, we proudly acknowledge the great relationship that we have with Florida Hospital which has been fostered by our common commitment to invest in the lives of patients and to provide unparalleled clinical care. Just as our organization is committed to clinical excellence, we feel it is equally important to be devoted to philanthropic excellence. It is clear by our deeds that, for us, giving back is more than writing a check. Our employees have contributed thousands of hours to fixing smiles around the globe through their involvement with SHARES International, and we have engaged in training the next generation of clinical providers by helping create the CRNA program through the Adventist University of Health Sciences. We hope that our generosity continues to touch people and to change lives. And through it all, we, too, have been touched and have been given back more than we could ever have imagined.

Carl Michael, Chief Executive Officer

Pictured above: Peggy Wilkins

My inspiration to give back to Florida Hospital Cancer Institute at Winter Park Memorial Hospital is the goal of facilitating the establishment of the Supportive Care Center. This center will provide high-quality information and care to cancer patients. My wife’s 11-year heroic battle with breast cancer proved to me and my family the absolute need for this type of care. The center’s mission would be to provide critical information to the patient and family so they can make an informed decision about the benefits and complications of the recommended cancer treatment. A protocol would also be established to enable the patient to receive personalized information and supportive care in order to optimize his/her quality of life during and after treatment. This innovative program would fulfill a tremendous need by providing cancer patients the opportunity to better understand and accommodate to the challenging and frightening journey resulting from their diagnosis.”

Dr. Jon Wilkins

"As dentists and business owners, we feel fortunate to be able to give back. Dental care is an area that is often underserved in health care philanthropy, and we are passionate about changing that. Florida Hospital Global Mission Initiative’s infrastructure and caring team helps us reduce suffering and improve the ability of others to speak, eat and most importantly, smile."

Dr. Todd and Dr. Meredith Christie, Dental Partners

with cleft lip or cleft palate in South America have new smiles, through Florida Hospital SHARES International.
THANK YOU TO OUR 2013 DONORS

Why do you choose to share your generosity at Florida Hospital Altamonte?

“I grew up in this community, attending elementary, middle and high school right here in Seminole County. I want to give back to the community that has impacted me throughout my life. Anybody who has ever been sick or known someone who was sick understands that there is nothing more valuable than good health. When one has the means to give back, they have the duty to do so; we must help those in need and work to ensure that they have access to exceptional health care.”

What projects are you most excited about at Florida Hospital Altamonte?

“I am passionate about the Eden Spa and how it can improve the lives of our community’s cancer patients. Also, I have a personal goal to improve the experience and access of children coming to Florida Hospital Altamonte, whether through the Baby Place or the Emergency Room.”

Patron

‘Recapture the Wonder’ by Ravi Zacharias delves into why we lose our sense of wonder, and how to reclaim it. The reasons are multifaceted but include having a heart of gratitude, of truly appreciating the simple things. I have been privileged to participate in SHARES International mission trips, and I’m always overwhelmed by the gratitude of the families we serve and of the local medical staff. Watching parents spend hours waiting for the initial evaluation, then the keen anticipation of being chosen, and finally the ‘can’t take my eyes off of you’ gazes in the recovery room…this is priceless. SHARES International volunteers spend long hours in challenging settings giving their best to make a difference in the lives of each child. The results are immediate and amazing. The experience is guaranteed to hit the reset button on our to-do list. It is with gratitude that I partner with SHARES International to help them continue their mission.”

Dr. Joyce Hoiatson

www.FloridaHospitalFoundation.org | 23
The mission of the Florida Hospital Diabetes Institute is to improve the lives of people with diabetes by promoting healthy lifestyles, delivering excellence in clinical care and education and conducting research to prevent diabetes and ultimately find a cure. This mission falls close to my heart, as I have seen most of my family impacted by type 2 diabetes. Knowing that I have an obvious risk of developing this disease, I have applied this mission statement to my own life. I believe the work of the Diabetes Institute will positively impact the lives of many current and potential victims of diabetes through health education and research. For this reason, I am proud to say that I support the Florida Hospital Diabetes Institute.

**MEET DERRYL**

He’s a Grateful Patient

Two and a half years ago, Derryl Benton, a successful Orlando businessman, had a life changing experience at Florida Hospital.

A month after undergoing shoulder surgery while Derryl was waiting to board a plane for a business trip, he experienced shortness of breath.

Derryl remembers that moment by saying “God was on my side.” Derryl decided to call his cardiologist who advised him not to board the plane but to immediately come in for some tests.

He was examined by their physician assistant and it was determined that he needed further testing. His catscan found two blood clots, one in each lung. Flying at high altitudes with two blood clots, could have ended Derryl’s life.

Derryl was admitted to Florida Hospital Altamonte, where he was informed that he would need to be transferred to Florida Hospital Orlando for additional treatment. There he met his surgeons, Dr. Arora and Dr. Shah, who operated on his lungs and successfully removed the clots.

Today, thanks to the expert team of clinicians at Florida Hospital, Derryl is fully recovered.

Derryl is a grateful patient and knows that Generosity Heals. That’s why he serves as a Florida Hospital Ambassador and gives back of his time, talent and treasure through Florida Hospital Foundation. Derryl and his wife Jackie support the Florida Hospital Altamonte Eden Spa, a full service salon which provides services specifically designed for cancer patients.
MEMORIALS AND HONORARIUMS

Gifts received in honor of Kaitlynn Alexander’s birthday and in memory of Michael J. Alexander

You’re Invited to the Best in Care 2014 Summer Event Series

Learn more about these hot topics in medicine from leading experts in the field!

When is Back Pain Not Just Back Pain?
TUESDAY, AUGUST 5
Florida Hospital Altamonte
Our specialist offers tips to treat and prevent everyday back aches, and explains treatments for more serious conditions.

7 Tips to Avoid IBS
WEDNESDAY, AUGUST 13
Winter Park Memorial Hospital- A Florida Hospital
At this informative Q&A, learn about irritable bowel diseases such as Crohn’s disease and ulcerative colitis.

The Brittle Truth: Osteoporosis and Your Bones
WEDNESDAY, AUGUST 20
Florida Hospital Orlando
If you have the bone-thinning disease osteoporosis, more bone is lost than replaced. Dr. Cole will explore risk factors, what you can do to protect yourself, and new fracture treatments.

When to Have Knee Replacement, What to Expect
TUESDAY, SEPTEMBER 2
Florida Hospital East Orlando
Our specialist explores whether it’s time for replacement, different therapies, best candidates for replacement, and what you must know for successful recovery and realistic expectations.

Mysteries of Pelvic Pain
THURSDAY, SEPTEMBER 18
Florida Hospital Celebration Health
Chronic pelvic pain can greatly decrease a woman’s quality of life. Learn about complex conditions that cause pelvic pain, including endometriosis, pelvic organ prolapsed, adhesions and uterine fibroids.

Hidden Hernias: Uncovering Treatments for Women
WEDNESDAY, OCTOBER 8
Florida Hospital Kissimmee
Women suffer from hernias as much as men, yet they’re harder to diagnose. Learn why and hear about new treatments, including minimally invasive surgery.

AND MANY MORE!
Visit FHBestInCare.com to see a complete listing of events near you.

RSVP. Reservations required, as seating is limited Call (407) 303- BEST (2378) today.
THANK YOU
FOR CELEBRATING GENEROSITY IN 2013!

Thank you to all of our community members who engaged their friends and family in 2013 to give generously online, in support of causes that were near and dear to their heart.

$1,870
Peter DeRosa celebrated his 10th year SURVIVOR milestone by encouraging others to support innovative cancer research at Florida Hospital.

$1,000
Janella Ulloa-Raymond celebrated her first IRRONMAN and inspired support and awareness for Healthy 100 Women—helping women live long, healthy lives.

$4,756
Inspired by their mother's battle with breast cancer, Emily and Lilly Whittaker founded "PINK" DAY at their high school raising support to provide all women access to advanced healthcare through the new Florida Hospital for Women—Winter Park.

$2,600
Heather Bradley celebrated her generosity by giving of her time, talent & treasure through GLOBAL MISSION INITIATIVES where she traveled with equipment provided by friends and family through CelebrateGenerosity.org.

$498
Ten year old, Mark McHale celebrated summer with a virtual lemonade stand to help SQUEEZE OUT CANCER for children at Florida Hospital Cancer Institute by asking friends and family to purchase his zero calorie lemonade.

$1,630
Faith Amon INSPIRED SMILES by asking friends and family to support Florida Hospital SHARES International's reconstructive surgeries to correct cleft lip and palate deformities for children in Tarapoto, Peru.

CelebrateGenerosity.org is an interactive social giving tool that community members are using to rally their friends and families around life-saving causes. These community members are inspiring gifts that are making an impact in thousands of lives. Thank you to our generosity champions and those who support them!
